

### COMPULSORY KIT

Where applicable, all runners will be required to carry the following compulsory kit items. You will be required to present this compulsory kit for inspection prior to the start of your race. Failure to do so will result in no race number being issued.

The need for the compulsory kit cannot be underestimated and is there for your own safety. Participants arriving at the start without all the compulsory equipment may not be allowed to participate and will be not entitled to a refund.

There may also be spot checks on the mountain and at the finish. The kit has been rated either Category 1, 2 or 3. If you are missing a Category 1 item you will not be allowed to start and will be disqualified. If you are missing a Category 2 or 3 the specified time penalty will be added to your finish time. These regulations have been put in place for your own safety and we trust you will adhere to them. You are not permitted to drop or receive any of these items during the race and anyone seen doing so will be disqualified.

The decision on Weather A or Weather B will be communicated to all participants via Whatsapp/SMS 12hrs prior to the race. In the event you don't receive this communication, we recommend you bring kit to cover both eventualities and simply leave what you don't need at the bag drop.
